

Stephen Vizzusi

Software Engineer

Experienced Full-Stack Software Engineer with a proven track record of delivering results in the software industry. Leveraging a decade of experience as a Dental Hygienist, I identified common issues in dental offices that I addressed with code, creating Smile Supply, an algorithmic dental inventory ordering application. I've developed a reputation for being an example for my team, thanks to my collaboration skills, innovative problem-solving, and delivering high-quality applications to clients.
